

# SpaceNavigator™

Navigate Your 3D World™

## **Powerful enough for professionals.**

## **Easy enough for beginners.**

Until now, advanced 3D navigation has been reserved for high-end design professionals. With the introduction of the SpaceNavigator, 3Dconnexion has made this exciting technology accessible and affordable for architects, artists, students and anyone else who wants to enjoy the 3D experience.

3Dconnexion's SpaceNavigator™ offers natural and intuitive navigation of 3D environments and objects for today's most popular and powerful 3D applications.

Simply push, pull, tilt or twist the SpaceNavigator's controller cap to simultaneously pan, zoom and rotate 3D imagery. You'll experience an easy, simple and fun way to fly through 3D environments like Google Earth using 3Dconnexion's award-winning technology. Two programmable keys stores your favorite application functions.

## **At home on any desktop and budget.**

SpaceNavigator's small footprint fits easily on your desk. And, at a price of just \$59, the Personal Edition fits your pocketbook, too.
